revenues from time to time, and to see, see the revenues from time to time, and to see, see the carry the act into full effect.

In the exercise of this discretion thus conferred upon him, the Secretary sold for redemption purposes in 1877 and 1878 United States 4 per cent and 45 per cent bonds to the amount of \$35,500,000 and deposited the proceeds, \$35,000,000 in gold, in the general cash in the Treasury. This, with other gold which had been received as surplus revenues, constituted the fund prepared and provided by the Secretary of the Treasury for the redemption directed in the act of January 14, 1875.

The existence of the reserve fund was generally recognized from the time of its establishment, as above stated, and one of the measures adopted by the Secretary of the Treasury to prevent its unnecessary depletion was the discontinuance of the issue of gold certificates authorized but did not direct such issue.

Some inconvenience resulted from this discontinuance, and by Section 12 of the Bank act of July 12, 1882, the Secretary was authorized and directed to receive deposits of gold coin and bullion and to issue certificates therefor; but it was provided "that the Secretary of the Treasury shall suspend the issue of such gold certificates whenever the amount of gold coin and gold hullion in the Treasury reserved for the redemption of United States notes falls below \$100,000,000." No other reference to the reserve fund is contained in the laws of the United J. G. CARLISLE, Secretary.

LONDON MARKET FIRM IN TONE.

London, Jan. 13.—Business on the Stock Exchange to-day was limited, though the tendency of the market was good. American railway stocks closed at an advance of from 14 to 1. The Kaffir settlement progressed favorably and the rates paid for carry-ing over were moderate. One small failure was re-ported.

TWO MEN FOUND DEAD.

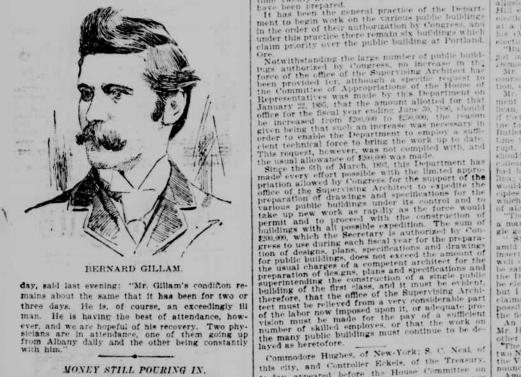

From all appearances, death was due to natural causes. Mr. Osborn was formerly an in-spector in the Internal Revenue office, but lost his place some time ago. About twenty years ago he was a clerk in the Fire Department. He was a nter of the Lincoln Club, in Clinton Place, and was well known to the members. He was a widower. Osborn belonged to an old family in Brooklyn. His uncle, William Osborn, was a Custom House clerk in President Jackson's time, and yearly, it is said, raised the flag on the Battery on Evacuation

The body was carried to the station, where a surgeon said that Klingenberg had probably-died from heart disease. From papers and a badge found in the dead man's pockets it was learned who he wild and that he was a sweeper in the Street Cleanlig Department. Letters of recommendation were also found on the body, and, from a diary kept by Klingenberg, the police believe that he was an educated man.

LECTURING ON CHURCH UNITY.

The time-honored question of church unity is once more up for discussion. A series of special lectures has been arranged on regularly recurring even ings in Adams Hall, of Union Theological Seminary, at No. 700 Park-ave. The first of this series was delivered last night by Professor Charles W. Shields, of Princeton, before the faculty and students and a number of interested visitors. Seated on the rostrum were the president of the seminary. the Rev. Dr. T. S. Hastings, Dr. C. A. Briggs, Dr. Francis Brown, Dr. A. C. McGiffert, Professor W. A. Brown, Dr. Gillett and a number of Catholic clergymen, including Father Doyle.

Brigadier-General Wheaton has issued general orders to the troops under his command in the De-partment of the Colorado, calling for stricter ob-servation of the regulations requiring practice reconnoissances frequently, at least ten miles in all directions from the fort, and directing that as much use as possible be made of bleyeles in these exercises when practicable, although no machines are provided by the Government. The fitness of bleyeles for military use in the rough country and on the plains in his division will be determined by General Wheaton in this manner.

building in Oregon, covers the whole ground as to the delay in constructing public buildings all over the country. The Secretary says:

At the date of the convening of the List Congress (the Congress which authorized the public building at Portland, Ore) there were upon the books of this Department appropriations for 182 public buildings, all of which were in various stages of construction. That same Congress authorized the construction of seventy additional public buildings, and provided for the extension of seven marine hospitals, at an aggregate limit of cost of \$12.96.80.77. The Lild and Lilld Congresses authorized altogether the construction of twelve additional public buildings, and improvements to five marine hospitals and other structures, at a limit of cost of \$3.84.600, making an aggregate of ninety-four buildings authorized to be constructed and improved, at a cost of \$1.813.80.77, which, with the 183 buildings above referred to, make a total of 255 buildings upon which construction operations have been in progress since December, 1889, of which number there are at this time twenty-five buildings for which no drawings have been prepared.

It has been the general practice of the Department to begin work on the various public buildings which claim priority over the public buildings at Portland, Ore.

Notwithstanding the large number of public buildings.

Commodore Hughes, of New-York; S. C. Mr.
Eckels said that the object of the measure was to

Mr. Eckels knew of no objection, based on constitutional limitation, to Congress, granting the privilege. Congress, of cause, he said, could not legislate for foreign countries, and the corporation would have to look to such countries for rights. England had placed branch banks in almost every country in the world. If England could do every country in the world. If England could do this the United States certainly could. The representatives of foreign governments in the American conference had given assurances that their countries would allow and encourage the branch banks proposed by the bill. The committee then adjourned the hearing for two weeks, when Mr. Eckels and others will address the committee. On Weinesday next the committee will hear Mr. Cox, of Tennesce, on his bill to regulate the loaning of money by banks to their officers.

The Military Academy Appropriation bill will be reported to the House to-morrow. It appropriates in round numbers \$44,000, which is \$175,000 below the Secretary's estimate.

A question of interstate comity, under the provisions of Article IV of the Constitution of the United States, which requires that full faith and credit shall be given in each State to the judicial proceedings of every other State, was decided in the Supreme Court of the United States to-day. Ella L. Rigney obtained a divorce in New-Jersey from

Thomas G. Rigney, by a decree obtained under a supplemental complaint, which gave her alimony in the sum of \$45 a week. Subsequently Righey moved to New-York and married Abbie Ahern, and Mrs. Rigney became Ella L. Laing. Rigney having paid no part of the costs or alimony under th decree of the New-Jersey Court, Mrs. Laing sued her delinquent ex-husband in New-York to recover the amount due. Rigney contested the suit cover the amount due. Rigney contested the suit on the ground that service upon him under the supplemental bill was had without the State of New-Jersey and that therefore the courts of that State had no personal jurisdiction over him. This contention was affirmed by the highest court of the State of New-York, the result being to relieve Rigney of the effects of the New-Jersey decree. Mrs. Laing brought the case to the Supreme Court of the United States and Justice Shiras, after reviewing the facts, stated that Rigney could not avail himself of the decree of the New-Jersey court so as to marry again and repudiate the financial obligations it entailed upon him. The judgment of the New-York court was reversed.

Congressman Mahany, of New-York, to-day intraduced a joint resolution tendering to Rear Admiral Richard W. Meade, with such appropriate the thanks of Congress. The resolution is pre-ceded by a long preamble which recites that Ad-miral Meade retired from active duty on May 20, 1395, after forty-five years of continuous and brilllist, after forty-five years of continuous and brilllant service; that his achievements have repeated;

that upon his report ex-Secretary Whitney superseded the old methods of business procedure in the

Navy Department and organized the present system that has re-established the United States as a naval nower, and that such a record is at once a pride to particite Americans and an inspiration to the generation that is reaping the fruits of his service.

The sub-committee of the Appropriations Committee having charge of deficiencies will begin work to-night on urgent deficiency estimates sub-mitted by the Secretary of the Treasury. These estimates amount to over \$4,00,000, over \$3,00,000 of which are for the expenses of United States courts. This appropriation is desired at as early a date as possible, and the sub-committee will bring in the bill as soon as possible.

Mr. Dalzell (Rep., Penn.) to-day introduced a bill in the House incorporating the Lake Eric and Ohlo River Ship Canal Company, with power to nnect Lake Erie and the Ohio River by canal. STATE POLITICAL NOTES.

Platt's purpose in postponing definite action on the Greater New-York bill becomes apparent in the light of his preparation for a Snap Convention, He must have a solid delegation in St. Louis at any price, and that is simply out of the question if he price, and that is simply out of the desiron in should push this measure. Brooklyn would revolt Instantly, and he knows it. So he lets matters stand as they are until the delegales are elected, and then he will trot it out again for passage or not, as suits his interests at that time. As already stated, Platt has nothing in mind now but the National Con-vention, and everything else must give way to his plans concerning it.

EMPLOYES DANCE UNTIL MORNING.

The employes of D. M. Williams & Co., of One-hundred-and-twenty-fifth-st. and Third-ave., have a co-operative association within their own ranks known as the Excelsion Ald Society. So complete is it in its workings that it furnishes an example for general emulation in other establishments where large numbers of men and women have a common interest. With a total membership of about 175, the organization pays sick benefits and death benefits win untailing regularity. Once a year, too, the members carry out a scheme of entertainment on an elaborate scale. Last night they had the Lexington thera House, in Fifty-eighth-st, near Thirdaye, and gave a specialty performance, the programme being in the hards of regular artists engaged for the purpose. After the performance the chairs were removed and the dance was speedly in crozress that was to last far into the morning. Supper was served. DEMOCRAT CONVENTION TALK

THE FIGHT WAXING WARM. ST. LOUIS, CHICAGO AND NEW-YORK ALL ANX-IOUS TO SECURE THE PRIZE.

[BY TELEGRAPH TO THE TELBUNE.]
Washington, Jan. 13.—The Democratic National
Committee, when it meets at the Arlington Hotel, in this city, next Thursday, to fix the time and place for holding this year's National Convention, will find itself called on to determine almost as close and lively a contest for the honor of entertaining the Democratic delegates as that carried on a month or more ago for the Republican Convention. St. Louis, which carried off the prize so eagerly fought for in December, is again a competitor before the Democratic committee. Ex-Governor D. R. Francis, W. H. Thompson, S. A. Thompson, J. G. Prather and C. C. Moffitt arrived at the Arlington this morning, and began a vigorous skirmish in behalf of St. Louis. They do not regard the fact that the Republican Convention is to be held in that city as any handicap whatever, and argue that the reasons which led the Republicans to choose St. Louis are doubly powerful to commend its selection by the Democrats. They say that the central situation of the city, and the cheap facilities of river travel by which the Southern and Western delegates can reach the convention are strong points in its fayor, and point to the influence such a great gather-ing of Democrats would have in overcoming the present Republican tendencies of Missouri. Other influential citizens from St. Louis are expected before Thursday.

New-York seems to be making a really serious effort to capture the convention. An advance committee will reach Washington to-night. Among its members are John A. Mason, chaliman of the Demratic State Executive Committee, A. B. De Freece. R. M. Walters, Theodore M. Roche, president of the Young Men's Democratic Cub, and L. F. Patrick. New-York has secured the large reception-room on the first floor of the Arlington, which the Pittsburg delegation to the Republican National Committee meeting occupied, and to-day it is being handsomely decorated. John Trainor is in charge, and says he is going to overcome the "hoodoo" placed on the room by the Pittsburg people. Other New-Yorkers to follow the advance guard are the Tammany Committee from the Democratic Club, of which ex-Governor Flower is president, and a committee from the Voung Men's Democratic Club, making in all about two hundred active boomers here when the committee meets. R. M. Walters, Theodore M. Roche, president of the

the Young Men's Democratic Cine, making in all about two hundred active boomers here when the committee meets.

Benjamin L. Rosenthal is at the Arlington as the Representative of Chicago. He is making arrangements for the accommodation of a strong contingent, which will come loaded with oratory, logic and other potent armumition. This committee consists of Adams A. Goodrich, chairman, L. Z. Leiter, Joseph Donnersberger, Erskine M. Phelps, William S. Cantrell, Benjamin L. Rosenthal, Walter S. Box.c., Albert S. Gage and Martin J. Russell. Chicago says she has enough money a ready in sight to pay all the expenses of the convention. The committee will leave Chicago this afternoon in a special car, and reach the Arlington to-morrow night. Director-General George R. Davis, of the World's Fair, is here, and is going to do some work for Chicago, and a Washington committee with the same purpose in view consists of Vice-President Stevenson, Seretary Morton, Pension Commissioner Lochren, Interstate Commerce Commissioner William R. Morrison. Assistant Secretary Scot Wise, Assistant Postmaster-General Jones, Controller Eckes, Senator Palmer, Senator Cullom, the Chicago Congressmen and Finis Ewing Downey, the only Democratic Congressman from Illinois, Schator Vilas and the press representatives of Chicago papers.

RAILROAD INTERESTS. ILLINOIS CENTRAL'S GOOD SHOWING.

Chicago, Jan. 13. President Fish, of the Illino's Central Railroad, sends to the stockholders of that corporation a special letter, reviewing the situation at the close of the first half of the current fiscal year. The fact is set forth in the circular that there has been an increase of \$1.187.441 in the net receipts for the last six months, compared with the net receipts for the same period of 1884. The interest on the funded debt has been reduced by the extension at 4 per cent of the \$2,500,000 of 6 per the extension at 4 per cent of the \$2,200,000 of 6 per cent bonds which matured April 1, 1895, and by the usual payment of \$6,000 of 5 per cent bonds through the sinking fund. In anticipation of the \$7,000,000 loam, contracted in 1895, the directors have aircosty pa'd \$2,000,000, leaving outstanding \$5,000,000, agraenst which the company hoods some \$7,250,000 of first mortgage bords, yielding an income of over \$4,000 or a year. The company aircasty has from traffle sufficient zala to pay more than twice over the 5 per cent dividend on the \$55,000 of fresh capital authorized. During cach of the last five weeks a larger volume of corn has been shipped from New-Orleans than from New-York.

READING'S ANNUAL MEETING. Philadelphia, Jan. 13. The annual meeting of the

stockholders of the Philadelphia and Reading Raliroad Company was held this afternoon. The attendance was not large, not over one hundred per-sons being present when the meeting began, at noon. William Henry Lex. of Philadelphia, was elected chairman, and William R. Taylor secre-

elected chairman, and wimain it. Taylor sected in the cleenter of officers, and a recess was taken, during which the vote was cast. There was only one ticket in the field, and the following were re-elected: President, Joseph S. Harris, managers, A. J. Antelo, James Boyd, Joseph F. Shnott, Thomas McKean, John Lowber Welsh and George F. Bast; treasurer, William A. Church; secretary, William R. Taylor.

CALIFORNIA FLYER WILL STAY. Chicago, Jan. 13,-Officials of the Sante Fe Rati-

road from President Ripley down were kept busy to-day denying the report that the company in tended to discontinue the "California Limited" flyer and lengthen the running time to the old figures and lengthen the running time to the old figures because the train was being run at a less. Not only has there never been any intention of abandoning the train, but the officials announce that the flyer has been a money-maker from the start, and the company would not think of dropping such a train under any circumstances during the height of the California season. They declare that the policy of President Ripley and his associates in the new management is to be fully as liberal and enterprising as that of the receivers.

J. P. MORGAN DENIES IT. J. Plerpont Morgan said yesterday that there was

no truth in the story that a syndicate had been made up, including the firm of J. P. Morgan & Co., to acquire control of the Baltimore and Ohio Railroad, the Philadelphia and Reading Railroad and the Central Railroad of New-Jersey. President Sam-uel Spencer, of the Southern Railway, also denied that he was to become president of the Baltimore and Ohio Railroad.

LARGE MOVEMENT OF GRAIN.

The present movement of grain to New-York is twice as large as it was a year ago. The figures for December have now been made up, and they show the receipts by rail in that menth to have been 10,172,000 pounds, against 5,001,000 pounds in December, 1894. CARPETS.
